

Volume 3, Number 2, December 2002

Regular papers

- 87-93 The Electron Transfer Reaction between Iron (III) Phenanthroline and Iron (II) Cyanide Complexes. Correlation between Electrochemical and Kinetics Investigations, Muhammad Akhyar Farrukh and Iftikhar Imam Naqvi
- 94-97 Investigation of the Electrochemically Coprecipitated Cobalt Hydroxide / Nickel Hydroxide Electrode, Muhammad Amjad and Muhammad Atique
- 98-101 Introduction to Industrial Waste Water Treatment Technologies, Tayyaba Aftab, Naz Imtiaz and Altaf Hussain
- 102-107 Studies on the Fatty Acid Composition and Purity of Some Cooking Oils available in the Market, Zafar Iqbal, T. Saleem, B. Saleem, A. Hussain and A. Ahmed
- 108-112 Determination of Essential and Toxic Metals in Water and Foodstuffs of Muzaffarabad City by Atomic Absorption Spectrometry, Muhammad Haleem Khan, Akbar Ali and Tahir Mahmood
- 113-117 Cyclic Voltammetry of a Haloarene, Inam-ul-Haque
- 118-128 Measurement of Ambient Air Quality in the Korangi Industrial Area of Karachi, Pakistan, A. H. K. Yousufzai and Durdana Rais Hashmi
- 129-131 Determination of Chlorates in Matchsticks Using an Indigenously Fabricated Chloride Ion Selective Electrode, Amber R. Solangi, Saima Q. Memon and A. W. K Khanzada

Short Communication

- 132-134 Influencing Electron Transfer Reactions in Transition Metal Complexes Through Change in Acidity of the Medium, Muhammad Akhyar Farrukh and Iftikhar Imam Naqvi
- 135-139 Steroid in drugs used by quacks, Kulsoom Abbasi, M. I. Bhangar, Muhammad Ali Memon and U. M. Abbasi

Review

- 140-159 Electron Transfer Reactions, Muhammad Akhyar Farrukh and Iftikhar Imam Naqvi.
