10th International Symposium on Analytical and Environmental Chemistry
December 02-04, 2013

Organized by:
National Centre of Excellence in Analytical Chemistry,
University of Sindh, Jamshoro-Pakistan

Introduction

The National Centre of Excellence in Analytical Chemistry (NCEAC) was established in July 1976 under an Act of Parliament as an autonomous body administered by the Federal Ministry of Education and its academics as per statutes of Higher Education Commission.

The administration of the Centre is supervised by a Board of Governors comprising of eminent Scientists and representatives of Federal Government with Vice Chancellor, University of Sindh, as its Chairman.

The Centre is entrusted with the main task of establishing research facilities in Analytical Chemistry leading to M. Phil and Ph. D degrees. A significant number of M. Phil and Ph. D's have qualified from this institution. Other regular academic activities of the Centre include: In-Service training programs, International Symposia, Seminars and Conferences on Analytical and Environmental Sciences.

ISAEC-2013

International Symposium on Analytical and Environmental Chemistry (ISAEC-2013) is an established and recognized scientific series organized by NCEAC, focusing on all aspects of Analytical and Environmental Chemistry together with a diverse international collection of world-class scientists to provide the largest and most thorough coverage of all aspects of chemistry. ISAEC-2013 will be the 10th milestone in this series, successfully held in Jamshoro and one in Baragali, Peshawar.

ISAEC-2013 will be a large scientific event on Analytical and Environmental issues focusing on the profound impact to the green and sustainable development for the benefits of human beings. It will provide a stimulating forum for scientists, engineers, educators, agriculturists, environmentalists and students from all over the country and abroad to disseminate their new
research findings and exchange information on emerging areas of research in the promising fields of Analytical and Environmental Chemistry. ISAEC 2013 will also serve as a platform for the participants to get in touch with their peers who share similar research interest.

Topics of the ISAEC-2013

Topics include, but are not limited to,

- Novel techniques and emerging technologies in chemical analysis.
- Organic micro pollutants determination in plants, water, soil and food products.
- Sewage sludge re-use for agriculture.
- Recycling of wastes into useful products.
- Water pollution control.
- New methods for decontamination of air born toxic elements and organic species.
- Analytical technique’s applications in pharmaceutical, clinical and industrial chemistry.
- Nanomaterial’s in environment: uses & adverse effects.
- Enzymatic & chemical oxidation technologies

Aims, Objectives and Benefits

The prime objective of the Symposia is to provide an interdisciplinary platform to exchange knowledge and learn about the latest issues in Analytical and Environmental Chemistry.

Who Should Attend?

Researchers, scientists, environmentalists, agriculturists and technical peoples from Universities and local industries can attend this Symposium.

Important Dates:

- **Abstract Submission Date:** 15 August 2013
- **Notification of Acceptance:** 15 September 2013
- **Early bird Registration:** 15 October 2013
Patron-in-Chief
Prof. Dr. Nazir A. Mughal
Vice Chancellor, University of Sindh, Jamshoro

Chief Organizer
Prof. Dr. Shahabuddin Memon
NCEAC, University of Sindh, Jamshoro

Organizing Committee
Prof. Dr. Tasneem G. Kazi  
Prof. Dr. Sirajuddin
Dr. Amber R. Solangi  
Dr. Farah Naz Talpur
Dr. Sarfaraz Ahmed Mahesar
Dr. Ayaz Ali Memon  
Ms. Huma Ishaque

Prof. Dr. Tufail Hussain Sherazi  
Prof. Dr. Shafi Muhammad Nizamani
Dr. Najma Memon  
Dr. Hassan Imran Afridi
Dr. Aamna Balouch  
Dr. Jameel Ahmed Baig

For further details, please contact
Dr. Amber R. Solangi
Organizing Secretary
Associate Professor,
National Centre of Excellence in Analytical Chemistry, University of Sindh, Jamshoro, Pakistan.
E-mail: ambersolangi@gmail.com
Phone: +92-22-9213429, +92-22-2772065
Fax: +92-22-9213431

Call for Papers:
Please submit your Abstract / registration form to organizing secretary before due date.
